

Highlights Of Accomplishment Report

CY 2014

Prepared by:
Corporate Planning and Management Staff

Table of Contents

TRAFFIC DISCIPLINE OFFICE	1
----------------------------------	-------	----------

TRAFFIC ENFORCEMENT

- Income from Traffic Fines
- Traffic Direction & Control; Metro Manila Traffic Ticketing System
- 60-Kph Speed Limit Enforcement
- Bus Management and Dispatch System
- Southwest Integrated Provincial Transport System (SWIPTS)
- E-Tagging for Public Utility Vehicles
- Enhance Bus Segregation System (EBSS)
- Anti-Illegal Parking Operations
- Enforcement of the Yellow Lane and Closed-Door Policy
- Anti-Jaywalking Operations
- EDSA Bicycle-Sharing Project
- Anti-Colorum and Out-of-Line Operations
- Operation of the TVR Redemption Facility
- Road Emergency Operations (Emergency Response and Roadside Clearing)
- Continuing Implementation of the Unified Vehicular Volume Reduction Program (UVVRP)
- Monitoring of Field Personnel
- Other Traffic Management Measures implemented in 2014

TRAFFIC ENGINEERING

- Launching of the ITB-based Traffic Control System and Inauguration of the New Metrobase Building
- Design and Construction of Pedestrian Footbridges
- Geometric Improvement/ Road Widening
- Development of Bike Lanes
- Fabrication of Bike Shelters
- Application of Thermoplastic Pavement Markings
- Traffic Signal Operation and Maintenance
- Fabrication and Manufacturing/ Maintenance/ Installation of Traffic Road Signs/ Facilities
- Other TEC-TED Special Projects

Other Traffic Improvement-Related/ Special Projects/ Activities

- Replacement of City Bus Stickers under the Enhanced Bus Segregation System (EBSS)
- Creation of Task Force Pantalan
- Creation of the Special Truck Lane Task Force

TRAFFIC EDUCATION

OTHER TRAFFIC IMPROVEMENT-RELATED/ SPECIAL PROJECTS/ ACTIVITIES

- Metro Manila Traffic Navigator
- MMDA Traffic Mirror
- MMDA Twitter Service
- Implementation of Christmas Lanes
- Oplan Kaluluwa (All Saints Day Operation)

METROBASE

FLOOD CONTROL & SEWERAGE MANAGEMENT OFFICE (FCSMO) 22

Flood Control Information Center (FCIC) and Metro Manila Disaster Risk Reduction and Management Operation Center (MMDRRMOC)

SOLID WASTE MANAGEMENT OFFICE 30

- Solid Waste Disposal Activities
- Door-to-door (D2D) Garbage Collection System
- Monitoring of Level of Cleanliness
- Accreditation of garbage Collection Trucks
- Implementation of RA 9003 (Ecological Solid Waste Management Act)
- Other SWM Projects

HEALTH, PUBLIC SAFETY & ENVIRONMENTAL PROTECTION OFFICE (HPSEPO) 33

- Enforcement of Anti-Littering Law and Anti-Smoking Policy
- Enforcement of RA 9211 or the Tobacco Regulation Act/
No Smoking in Public Places/ MMDA-Bloomberg Project
- *Lingap sa Barangay* Activities
- Public Safety Programs
- Anti-Smoke Belching Operations
- Metro Parkway Clearing Group

TRAFFIC DISCIPLINE OFFICE

Income from Traffic Fines

Comparative total revenues from traffic fines for the years 2013 and 2014 are as follows:

	2014	2013
Income for Traffic Fines	₱102.396M	₱115.214M

TRAFFIC ENFORCEMENT

Traffic Direction and Control; Metro Manila Traffic Ticketing System

The Uniform Ticketing System has been in force in the metropolis since January 2012, with the Uniform Ordinance Violation Receipt (UOVR) replacing the Traffic Violation Receipt (TVR), by virtue of MMDA Resolution No. 12-02.

The table below shows the no. of TCs deployed and active UOVR holders as well as total no. of apprehensions made for CY 2014, compared to that of 2013.

	Target Output 2014	2014	2013
Average no. of TCs deployed	-	2,207	1,886
Ave. no. of active UOVR holders	-	812	829
Total no. of apprehensions	240,000/ yr.	262,327 (109.3%)	261,296

Per data from the TDO Traffic Ticket Management Division, the following are the **Top Ten Common Violations** committed throughout 2014:

1. Disregarding Traffic Signs
2. Obstruction
3. Illegal Parking (Not Towed)
4. UVVRP (Number Coding)
5. Truck Ban
6. Stalled Vehicle
7. Overspeeding (Commonwealth Ave.)
8. No Driver's Uniform
9. Loading/ Unloading in Prohibited Zone (as of July 12, 2012) (MC 08-12)
10. Bus/ PUJ Lane Ordinance

Ranking in the Top 5 and the No. 8 position is the same as above last year, while *Stalled Vehicle* rose from the 7th to the 6th slot, dislodging *Overspeeding* which fell to the 7th position. *Bus/ PUJ Lane Ordinance* went down from the 9th to the 10th slot

The **Top Five Administrative Violations** during 2014 are the same as those during the past year, to wit:

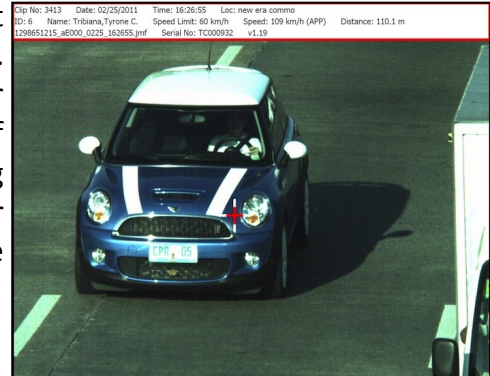

1. Out-of-Line Operation
2. Colorum Operation (Passenger)
3. Colorum Operation (Cargo Vehicle)
4. Tampering of OR/ CR/ CPC & other Documents
5. Illegal Transfer of Plates/ Tags/ Stickers

Macapagal Ave.

60-KPH Speed Limit Enforcement

To address the large number of vehicular accidents occurring along Commonwealth Ave. and Macapagal Ave., the 60-kph Speed Limit was implemented. MMDA T/Cs monitor the actual speed of passing vehicles along these major thoroughfares thru the use of radar gun.

Commonwealth Ave.

No. of Apprehensions	2014	2013
Commonwealth Ave.	10,173	13,236
Macapagal Ave.	3,747	6,885

Alabang BMDS

Bus Management & Dispatch System (BMDS)

This is the bus management system for Metro Manila completed in 2012 where drivers were registered thru fingerprint scanners and dispatch is controlled in 4 major terminals and 10 satellite stations to improve city bus operation particularly along EDSA.

	2014	2013
Total Bus Trips recorded for the year	2,045,460	2,123,074
Average Bus Trips recorded per day	5,547	5,819
No. of Trip Records issued	67,536	72,467
Drivers registered thru fingerprint scanners	734 (over-all total registered since Jan. 2012-7,465)	1,491
Drivers records encoded into the PUB Drivers' Databank	7,465 (over-all total since Jan. 2012)	3,028
No. of BMDS-related apprehensions	583	1,629

Southwest Integrated Provincial Transport System (SWIPTS)

The MMDA's SWIPTS Terminal for Cavite- and Batangas-bound buses at the Coastal Mall area in Parañaque City started operation in August, 2013. It recorded a total of 131,461 bus trips from August to December, 2013, and issued MMDA stickers to a total of 422 buses that passed requirements out of 1,130 units officially registered in the LTFRB masterlist.

For CY 2014, the Terminal reported the following accomplishments:

	Target Output 2014	2014	2013 (Aug.-Dec.)
No. of bus trips recorded/ dispatched	18,000/ mo. 216,000/ yr.	284,886 (131.89% accomp.)	131,461
No. of Buses Assisted (tire check/ inflation)	2/ wk 104/ yr	179 (172%)	-
No. of Passengers Assisted	-	753	-
No. of buses subjected to smoke-emission testing	-	1,205	-
No. of bus drivers subjected to random BAC (breath alcohol concentration) tests	-	2,731 (6 positive)	-
No. of buses apprehended for violation of LTFRB Memo Circular No. 2013-004	-	449	-
Special projects:			
• First-Aid Assistance (Oct.-Dec. 2014	-	329	-
• TB Awareness Orientation (April 7, 8, 10, & 11, 2014)	-	669	-
• Security Training Awareness Orientation (July 22, 2014)	-	73	-
• MMDA-Airport Christmas Shuttle Service	-	2,726	-

e-Tagging for Public Utility Vehicles

As of March, 2014, a total of 11,749 applications for e-Tagging (installation of RFID or radio frequency identification tags on all PUVs authorized by the LTRFB) have been received, evaluated, signed and verified.

	2014	2013
PUJs	10,244	7,678
PUBs	1,464	2,151
Taxis	919	334
Vans	720	291
Shuttle Buses	525	-
Tourist Buses	29	-
Total	13,901	10,454

Enhanced Bus Segregation System (EBSS)

Implementation of this scheme along EDSA continued in 2014, with decrease in bus travel time noted during a study conducted by the MMDA in December, 2012. EBSS classified EDSA-plying PUBs into A, B or C buses and designated separate bus stops for each category. However, by virtue of Memo Circular No. 01 dated August 26, 2014, "Bus A" stickers were replaced with "Yellow Stickers", "Bus B" with "Green Stickers" and "Bus C" with Orange Stickers" to address the problem of fake "A", "B", and "C" stickers noted to be installed on different city buses.

HOW TO FIND THE RIGHT BUS

USING MMDA'S NEW BUS SEGREGATION SYSTEM

The MMDA Bus Segregation System only applies to Metro Manila city buses plying the EDSA Magallanes to EDSA Kamuning route. For all other buses traveling outside this route (e.g. provincial buses, tourist buses, shuttle buses, and non-EDSA plying city buses), normal loading/unloading rules apply.

1

WHERE ARE YOU GOING?

Southbound (to Magallanes)

BUS STOP A	BUS STOP B
Ermin Garcia Arayat Cubao V.V. Soliven Connecticut Shaw Star Mall Guadalupe Buendia Ave Mantriade	Kamuning Monte de Piedad Main Ave PCFA Origa Pioneer/Boni Estrella Ayala Ave

Northbound (to Kamuning)

BUS STOP A	BUS STOP B
Ermin Garcia Cubao Farmers Boni Serrano SM Megamall Shaw Blvd Guadalupe Buendia Ave Magallanes	Baitwag/Star Main Ave Ortigas Ave SM Megamall Pioneer/Boni Estrella Ayala Ave

2

ARE YOU ON BUS A OR BUS B?

Bus A
Guadalupe Bus Stop

Bus B
Estrella Bus Stop

Don't get confused. In this new system, A is NOT equal to Alabang. B is NOT equal to Bacaran. This was used in the old system but it no longer applies.

3

FIND THE RIGHT BUS STOP.

Bus stops are color coded as well. Look for one that matches the bus you need to get on. Red bus stops are for Bus A. Blue bus stops are for Bus B. One exception is the Megamall station - because it's a major transit point, both Bus A and Bus B stop and load here.

4

HOP ON THE RIGHT BUS!

Buses will have a big round sticker on the upper right corner of their windshields and a smaller sticker on top of their doors. Look for one that matches the bus that you need to get on. Bus A will have a red sticker. Bus B will have a blue sticker.

5

BUS C

There is one more type of bus with a blue and red sticker called Bus C, which stops at all stations. Because it makes more stops, Bus C is slower and will take longer to get you to your destination, making it best for short trips only.

If you get on the wrong bus you can get off at the nearest station and take Bus C to your intended stop.

Compared to Bus A and Bus B there are also fewer Bus Cs. The distribution of buses are as follows: Bus A: 40%, Bus B 40%, and Bus C 20%.

5 | Page

Anti-Illegal Parking Operations

UOVR holders/ members of the Parking Enforcement Team roved around major roads in the metropolis and issued citation tickets to violators whose vehicles are parked beyond the designated sidewalk boundary marker.

	2014	2013
No. of Apprehensions	4,656	5,722

Enforcement of the Yellow Lane Rule & Closed-Door Policy

To eliminate obstructions, improve traffic flow and decrease travel time along EDSA, the

Yellow Lane (designated bus and PUJ lanes) Rule and Closed-Door Policy, including the use of loading and unloading bays by PUBs, are strictly implemented along this major thoroughfare.

	No. of Apprehensions		
	Target Output 2014	2014	2013
Yellow Lane Rule	6,400/ yr.	6,534 (102%)	10,719
Closed-Door Policy	3,200/ yr.	2,161 (68%)	2,415

Anti-Colorum & Out-of-Line Operations

Public utility vehicles without the required LTRFB franchise and those operating outside of their authorized routes contribute to traffic congestion and unduly compete with legal operators in the transport business.

	No. of Apprehensions	
	2014	2013
Anti-Colorum operations	807	1,275
Out-of-Line operations	764	1,060

Anti-Jaywalking Operations

Following is a comparative table of anti-jaywalking apprehensions for the years 2014 and 2013:

	No. of Apprehensions		
	Target Output 2014	2014	2013
Attended Seminar	-	12,852	61,565
Paid fine	1,400/ yr.	2,184 (156%)	3,518
Assisted	-	2,240	-
Total		17,276	65,083

EDSA Bicycle-Sharing Scheme

The MMDA started operating its EDSA-Magallanes to Ayala bike lane on January 17, 2013 while the Ortigas bike lane was launched on March 26, 2014.

	Target Output 2014	2014	2013
No. of bike borrowings	1,200/ yr.	2,702 (225%)	2,085

Operation of the TVR Redemption Facility

The TVR Redemption Facility accomplished the following comparative figures during the year 2014 and 2013:

	Target Output 2014	2014	2013
Traffic clearance applications processed	84,000/ yr	70,780 (84.26%)	82,051
Traffic clearances released		67,432 (95.26% of processed)	76,123
Applications received for release of impounded vehicles	1,200/ yr	827 (68.91%)	1,216
Impounded vehicles released after penalty payment		767 (92.74% of received)	1,164
Payments downloaded from bank and uploaded to MRRES database	60,000/ yr	79,363 (132.27%)	78,014
Traffic clearance applications referred to Traffic Adjudication Board/ Released with Resolution	480/ yr	648/ 555 (135%/ 85.64%)	948/ 808
Confiscated drivers licenses received	3,600/ yr	4,508 (125.22%)	5,361
Confiscated license plates received	720/ yr	1,960 (272.22%)	2,541

Road Emergency Operations (Emergency Response and Roadside Clearing)

The Road Emergency Group under the Traffic Discipline Office, consists of medical and rescue personnel and

Roadside Clearing Operations

equipped with ambulances, rescue van, tow trucks, fork lifts, manlifts, fire trucks and handheld radios to respond to road emergencies specifically along EDSA and other major thoroughfares within Metro Manila.

Vehicular Emergency Response

It has ten (10) road emergency stations maintained in strategic locations in the Metropolis.

	2014	2013
No. of accident victims assisted/ endorsed to hospitals for further treatment	2,682/ 1,673	2,682/ 1,709
No. of accident areas responded to/ cleared within the 15 mins. maximum allotted time	2,162/ 1,976	2,049/ 1,793
No. of stalled vehicles towed or assisted/ cleared within the 15 mins maximum allotted time	1,418/ 1,124	1,333/ 1,010

Continuing Implementation of the Unified Vehicular Volume Reduction Program (UVVRP)

The UVVRP which bans all public and private motor vehicles from plying the major thoroughfares of Metro Manila from 7:00 A.M. to 7:00 P.M. on weekdays depending on the last digit of the vehicle plate number except Saturdays, Sundays and Public Holidays, is continuously being implemented by the Authority.

	2014	2013
No. of Apprehensions	18,793	15,508

Note: Figure for 2014 was taken from TDO Data Division

Monitoring of Field Personnel

	Target Output 2014	2014	2013
Spot inspections conducted	100%	99 345	99,345
Deficiency Report Slips issued	1,800/ yr.	3,014 167.44%	2,977

Other Traffic Management Measures Implemented in 2014

Re-Implementation of the “Heat-Stroke Break Policy” for Field Traffic Personnel and Grant of “Heat-Stroke” Allowance

Memo Circular No. 7 (s. 2013) provided two (2) thirty-minute afternoon breaks (from 1:00-1:30 PM and from 2:30-3:00 PM) for the above-stated personnel under applicable work shifts, plus bottled water.

This was re-implemented on April 3, 2014 and in a subsequent memo, a “Heat-Stroke” allowance of P20.- was granted to each field Traffic Constable/ street sweeper.

Temporary Lifting of the UVVRP for Provincial Buses during Holy Week 2014

The number coding for provincial buses was temporarily lifted effective April 15-21, 2014 to augment transport service for passengers going to the provinces for the Holy Week.

Implementation of a One-Week 24 Hours Specified Truck Routes Prior to the 23rd World Economic Forum (WEF) on East Asia

With the Philippines’ hosting of the above-said event from May 21-23, 2014, the MMDA, via Memo Circular No. 4 (s 2014) lifted the Truck Ban hours in Metro Manila and implemented 24-hour truck routes from morning of May 13 to noon of May 20, 2014 on three alternate routes: 1) the South Truck Route; 2) the North Truck Route; and 3) the Roxas Blvd. Truck Route. This was to decongest Manila ports and ensure smooth traffic flow during the WEF.

Implementation of a Temporary Modified Truck Ban on May 22, 2014 along Osmeña Highway & Roxas Blvd. for the 23rd WEF on East Asia

The MMDA, via Memo Circular No. 5 (s 2014) implemented modified Truck Ban hours from 6 am-10 am and from 4 pm-11 pm on Roxas Blvd. and Osmeña Highway on May 22, 2014 to ensure the mobility of WEF delegates within metro roads particularly in Makati and Pasay where major WEF events were to take place.

Implementation of 6 Months 24-Hour Specified Truck Routes in Metro Manila

The Metro Manila Council Special Traffic Committee (MMC-STC) approved on June 9, 2014 the suspension of the 6-10 am and 5-10 pm Truck Ban hours in Metro Manila daily except Fridays, from June 10 to December 10, 2014 on two specified alternate truck routes: 1) Via Roxas Blvd. Route and 2) the Northern Truck Route. This measure was meant to further decongest the ports of Manila and avert ill effects of port congestion on the country's economy.

Creation of Task Force *Pantalan*

The MMDA created Task Force *Pantalan* to implement the "Last Mile" policy approved on September 2, 2014 by the Cabinet Cluster on Port Decongestion for a two-week last mile truck route for container trucks from the Port of Manila going to Metro Manila warehouses and vice versa from September 8-21, 2014. This was aimed at reducing traffic congestion during the two-week implementation of the policy.

Creation of the Special Truck Lane Task Force

The MMDA converted its Mobile Patrol Unit into a Special Truck Lane Task Force effective September 1, 2014 to monitor the two-week "Special Truck Lane Regulation" within Metro Manila until September 14, 2014 for trucks coming from the Port of Manila.

Creation of Task Force *Pantalan II* and Task Force *Kalakhan*

TF *Pantalan II* was created on October 7, 2014 with the same mandates as TF *Pantalan I*. TF *Kalakhan* was created on the same date to augment Traffic Districts' operations along major thoroughfares and key points in Manila, Quezon City and Pasay City.

Implementation of Odd-Even Scheme in the Use of EDSA Underpasses by Provincial Buses

To help ease traffic and allow maximized use of city bus stops by city buses, the MMDA issued Transport & Traffic Management Memo Circular No. 3 prescribing an odd-even scheme in the use by provincial buses of EDSA-Shaw, EDSA-P. Tuazon, and EDSA-Aurora underpasses only from Monday to Saturday.

Provincial buses with plate nos. ending in 1, 3, 5, 7 and 9 shall use the three EDSA underpasses Mondays, Tuesdays, and Wednesdays.

Those with plate nos. ending in 2, 4, 6, 8 and 0 shall use the said underpasses every Thursday, Friday and Saturday.

Provincial and city buses are not allowed on EDSA underpasses during Sundays.

Effectivity of the above guidelines was from October 28, 2014 to January 5, 2015.

Creation of Task Force Phantom

The MMDA created Task Force Phantom on October 30, 2014 to provide traffic management functions specific to three major events to be hosted by Metro Manila: 1) Feast of the Black Nazarene in January, 2015; 2) Pope Francis' Visit in January, 2015; and 3) APEC 2015.

The TF is composed of selected MMDA motorcycle personnel and detailed PNP Highway Patrol Group personnel headed by the MMDA Chairman.

TRAFFIC ENGINEERING

Launching of the IT-based Traffic Control System and Inauguration of the New Metrobase Building

On January 8, 2014 the MMDA launched its new information technology (IT)-based Traffic Signal System called Hermes alongside the inauguration of the new three-storey traffic command center (Metrobase) building

along EDSA corner Orense St., Makati City.

When fully completed, this highly modern traffic control system promises not only improved vehicular flow and travel time thru new system and engineering installations, but also the eventual networked movement of people, goods and services that is very vital to the daily management of the national capital region.

As of December, 2014, Phase I of the project is 97% done. This includes the upgrading of the Traffic Signal Control System field facilities in 85 priority intersections and the installation of 25 new High-Definition Pan-Tilt-Zoom (PTZ) Traffic Control/ Video Surveillance Cameras and 36 45" video screens to monitor activities where about 150 CCTV and IP cameras are installed metrowide.

Phase II is ongoing.

Note: Update was given by Engr. Francisco Pesino of TEC

Design and Construction of Pedestrian Footbridges

The TEC designed and constructed the following footbridges for CY 2014 compared with the same period last year:

	2014	2013
No. of footbridges completed	<p>6</p> <ul style="list-style-type: none"> • along C-3 Road between Talakitok and Mabini Sts., Caloocan City; • along Quezon Ave.-Araneta, QC; • along Natl. Highway, Susana Heights, Muntinlupa City; • along Commonwealth Ave.-Don Fabian near Immaculate school, QC; • along C-4, Bgy. Longos, Malabon City; • along Ortigas Ave.-C. Raymond, Pasig City 	<p>5</p> <ul style="list-style-type: none"> • NAIA School/ Flyover, Pasay City; • along J.P. Rizal fronting H. Bautista Elem. School, Concepcion I, Mkna. City; • in front of Mandaluyong Public Market 2, Martinez St. cor. Nueve de Pebrero; • in front of Hi-Top Supermkt., Quezon Ave.-Sgt. Esguerra St., QC; • English Ave., Quirino Highway, Bgy. Balon-Bato, QC.
No. of footbridges under construction	<p>1</p> <ul style="list-style-type: none"> • along Buendia- F.B. Harrison, Pasay City 	<p>3</p> <ul style="list-style-type: none"> • along Quezon Ave.-Araneta, QC; • along C-3 Road between Talakitok-Mabini Sts., CC; • along National Hi-way, Susana Heights, Muntinlupa City.
No. of footbridges repaired/ extended	<p>1</p> <ul style="list-style-type: none"> • along EDSA –Ermin Garcia connecting R.Magsaysay High School Bldg., Cubao, QC 	<p>1</p>

Geometric Improvement/ Road Widening

BEFORE

Construction of Bikini Island

During 4th Quarter 2014, geometric improvement/ widening works were finished in one location along EDSA North Avenue, which included the construction of bikini island, concreting of roadway, installation of steel grating, and construction of manhole.

AFTER

Construction of Bikini Island

Bike Lane along EDSA-Santolan from Ortigas to Boni Serrano

Development of Bike Lanes

Bike lanes were finished in two locations during 1st Quarter 2014: 1) along EDSA-Santolan from Ortigas to Boni Serrano and 2) at White Plains from EDSA Green Meadows.

	2014	2013
Bike sharing/ Lending Program	2,702 total bike borrowings	2,085
	81 bicycles	

Fabrication of Bike Shelters

Bike shelters were made during 1st Quarter 2014 in two locations along Roxas Blvd: 1) Rajah Sulayman and 2) Quirino Ave. and one at the Ateneo de Manila University area.

Ateneo de Manila University

Roxas Blvd (Rajah Sulayman)

In-House Construction Activities

	No. of Locations	
	2014	2013
Civil works finished	28	9
Painting works done	3	21

Application of Thermoplastic Pavement Markings

Thermoplastic pavement markings were applied within Metro Manila for CY 2014 compared to that of 2013.

	Target Output 2014	2014			2013		
		Locations	Sq. Mtrs.	L. Mtrs.	Locations	Sq. Mtrs.	L. Mtrs.
In-house Implementation	153 locations	166	6,203.62	-	157	8,064.673	

Traffic Signal Operation & Maintenance

Throughout 2014, following are the highlights of accomplishments for traffic signal operation and maintenance of an average of 422 signalized intersections, with comparative data for an average of 441 signalized intersections in 2013:

	No. of Intersections/ Locations	
	2014	2013
Signalization of new intersections	11	10
Upgrading of Traffic Signal System and rehabilitation of signalized intersection field facilities	246	85
Installation of traffic signal LED assembly and retrofit	74	293
Adjustment of timing parameter & observation of traffic signal lights	289	296
Repair of defective local controller & resetting of logic system	415	667
Replacement of modules	109	
Check & repair of traffic signal facilities	254	162
Check & repair of defective high mast & streetlights	72	68
Replacement of defective/ damaged/ missing parts of high mast and streetlights	61	73

Fabrication & Manufacturing of Traffic Road Signs/ Facilities

Following is a comparative chart of 2014 and 2013 accomplishments of the TEC Traffic Engineering Division (TED) on their production and maintenance of traffic road signs and other traffic facilities:

	2014	2013
Fabricated	6,348	7,499
Manufactured	8,098	8,191
Printed	1,302	1,679
Installed	9,964	6,056
Cleaned/ Re-cleaned	44,594	27,407
Repaired/ Re-aligned	1,358	1,326
Removed/ Replaced	2,118	2,398
Painted/ Repainted	7,709	5,623

Other TEC-TED special projects:

2014	2013
<ul style="list-style-type: none"> manufactured/ printed/ installed 6,667 traffic signs and facilities for various projects and events, among which are: the Bike Lane project along EDSA from Ortigas to Santolan; Feast of the Black Nazarene; MMDA CCTV Camera proj. along EDSA; River Bus Ferry Project, Truck Ban/ Truck Lane along C-5; SONA, INC Centennial Anniversary, etc. 9,755 traffic facilities and signages were installed, re-aligned, replaced, hauled, repaired and repainted. 	<ul style="list-style-type: none"> installed 230 <i>Motorsiklo</i> info signs along C-5
	<ul style="list-style-type: none"> installed 95 units/ pcs. traffic signs/ facilities for the Bike Lane project
	<ul style="list-style-type: none"> fabricated and installed 57 pcs. steel railings along J. Laurel St. per Malacañang's request
	<ul style="list-style-type: none"> fabricated and installed 49 traffic facilities at Napindan Pumping Station
	<ul style="list-style-type: none"> fabricated and installed 316 pcs. traffic signs and 44 traffic facilities at SWIPTS Coastal Terminal

Installation, Manufacturing and Painting of Traffic Informative Signs
"OPLAN LINIS PALENGKE" along Metro Manila

Fabrication and manufacturing of traffic road signages for the preparation of 28th Anniversary celebration of EDSA People Power

TRAFFIC EDUCATION

MMDA Traffic Academy

For 1st Semester 2014, the Traffic Academy conducted traffic seminars for delinquent drivers, deputized traffic enforcers; orientation and re-orientation seminar on UOVR issuance and seminar on traffic rule and regulations.

Following is a comparative chart of traffic seminars conducted by the TDO Traffic Education Division:

Type of Seminar	No. of Participants	
	2014	2013
Seminar for Delinquent Drivers (those w/ 3 unpaid violations and w/ spot report)	13,657	16,807
Seminar for Overspeeding Drivers (Macapagal & Commonwealth Aves.)	1,974	1,035
Seminar on Traffic Rules & Regulations	-	1,175
Road Safety Seminar for Drivers	490	-
Seminar on Traffic Management for Deputation	409	215 Deputized Enforcers
Traffic Management Seminar for Newly Hired Traffic Constables (TCs)/ Auxiliary	291	427
Orientation Seminar on Traffic Management	191	-

Type of Seminar	No. of Participants	
	2014	2013
Orientation/ Reorientation Seminar on UOVR Issuance Policy	145	412 MMDA TCs 86 Deputized Enforcers
Refresher Seminar on UOVR Issuance	194	-
Re-Training Seminar for Traffic Constables	848	-
Seminar on Traffic Direction & Control	546	-
Diagnostic Exam	1,272	-
Values Orientation Workshop/ Towing & Impounding Seminar	69	-
Seminar on Traffic Enforcement	284	-

OTHER TRAFFIC IMPROVEMENT-RELATED/ SPECIAL PROJECTS/ ACTIVITIES

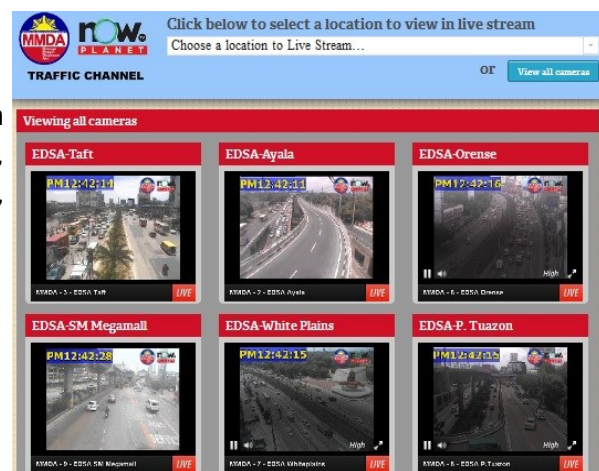

Metro Manila Traffic Navigator

This MMDA project continues to provide real-time traffic and other road-related reports, conditions and updates in the same nine (9) major MM thoroughfares as last year: EDSA, C-5, South Luzon Expressway, North Luzon Expressway, Roxas Blvd., Quezon Ave., España, Commonwealth Ave., and Katipunan Ave.

Cellphones with browsers can access the Traffic Navigator at <http://mmda.gov.ph/navigator>.

MMDA Traffic Mirror

The public may continue to access live-stream traffic situation on key roads via the Traffic Mirror, a video website on traffic info launched on May 20, 2013, at mmda.nowplanet.tv.

MMDA Twitter Service

The Twitter Project Office under Metrobase recorded a total of 1,495,886 followers to the MMDA Twitter Service.

	As of Dec., 2014	As of Dec., 2013
No. of followers	1,495,886	801,098

Implementation of Christmas Lanes

Christmas Lanes continued to be implemented during Christmas Season 2014 to provide motorists and private vehicles with alternate traffic routes and help prevent the usual traffic bottlenecks in the vicinity of shopping malls along EDSA.

Oplan Kaluluwa (All Saints Day Operation)

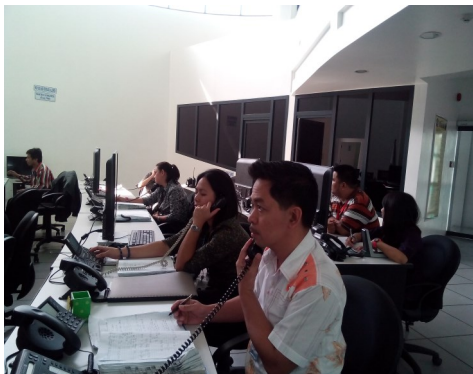

The Office of the Assistant General Manager for Operations deployed a total of 2,216 Traffic Discipline personnel during the All Saints Day celebration.

	2014	2013
Total No. of TDO Personnel Deployed	2,216	2,241

Note: Figure for 2014 was taken from OAGMO

METROBASE

Metrobase serves as the 24-hour communications, monitoring and information unit of the MMDA. For the year 2014, Metrobase accomplished the following programs/ activities:

Management of the MMDA trunkline, 5 Metrocall 136 Hotlines, and 1 Direct Line

These communication lines are used to monitor and provide assistance to stalled vehicle incidents and traffic accidents.

	Target Output 2014	2014	2013
No. of calls attended to and coordinated/ directed to concerned units or parties for appropriate action	72,000/ year	110,707	99,750

Radio Control Communication Service

Metrobase uses two (2) base channel radio communication equipment and the above-cited MMDA communication lines to monitor and provide assistance to stalled vehicle incidents and traffic accidents.

	Target Output 2014	2014	2013
No. of stalled vehicle incidents monitored/ assisted	4,200/ year	5,440	5,175
No. of traffic accidents monitored/ assisted	10,804/ year	15,451	14,476

Management & Maintenance of Road Safety Surveillance Cameras

Throughout 2014, Forty Seven (47) Metrobase personnel managed and maintained 144 operational CCTV cameras at various sites along major thoroughfares.

During 2014, seventeen (17) Metrobase personnel managed and maintained 56 operational CCTV Cameras installed in various sites along major thoroughfares.

	2014	2013
No. of Metrobase personnel tasked	47	16
No. of operational CCTV Road Safety Surveillance Cameras maintained	144	50

Management & Maintenance of Telecommunications Equipment & Facilities

For 2014, 10 Metrobase personnel continued to manage and maintain four (4) operational repeater systems including all two-way radios, as with 2013.

	2014	2013
No. of Metrobase personnel tasked	10	10
No. of operational repeater systems maintained	4	4
No. of base channel radio communication equipment used	8	8

Management & Maintenance of the Wireless Communication System

During 2014, ten (10) Metrobase personnel managed and maintained 12 WIMAX base stations.

For 2014, eight (8) Metrobase personnel managed and maintained the same number of WIMAX base stations.

	2014	2013
No. of Metrobase personnel tasked	10	8
No. of Wimax base stations maintained	12	12

Management & Maintenance of Servers

During 2014, six (6) Metrobase personnel managed and maintained seventeen units servers)

	2014
No. of Metrobase personnel tasked	6
No. of servers maintained	17

FLOOD CONTROL AND SEWERAGE MANAGEMENT OFFICE

Under the CY 2014 GAA, 84 projects were programmed/ funded under the Capital Outlays with total cost of Php 281,000,000.00. These projects involve the construction of new/ improvement/ upgrading of drainage and flood control structures and waterways as a measure to mitigate flooding in perennially flooded areas of the metropolis where the existing flood control structures are no longer adequate to serve their respective drainage areas. The construction/ improvement of drainage as well as improvement of waterways is in response to the prevailing climate change phenomenon wherein the amount of surface runoff have increased due to higher rainfall intensities and the volume of flood water could no longer be accommodated by our existing flood control structures and waterways.

**Declogging of Drainage System
Using Manual Scraper**

Dredging Works

Cleaning of Manhole

**Hauling and Disposal of
Garbage**

Completed projects for CY 2014 are as follows:

Program/ Projects/ Activities	Location
<ul style="list-style-type: none"> • Drainage improvement along EDSA fronting Philippine Rabbit, District I • Drainage improvement along Commonwealth Ave. (cor. Winston St.), District I • Improvement of Mariblo Creek, District I • Drainage improvement along Tandang Sora fronting New Era Elementary School, District II • Drainage improvement along Diego Silang St. and 20th Ave., San Roque, District III • Drainage improvement along P. Gomez and Monterey St., San Roque, District III • Improvement of Buwaya Creek, District II • Drainage improvement along Scout Tuazon St. Brgy. Obrero, District IV • Drainage improvement along Scout Ojeda St., Brgy. Obrero, District IV • Drainage improvement along Elliptical Road, Brgy. Old Capitol Site, District 	Quezon City
<ul style="list-style-type: none"> • Drainage improvement along Provident Village (St. Mary's St.), Phase I and II, District I • Drainage improvement along Angel Santos St. Tumana, District II 	Marikina City
<ul style="list-style-type: none"> • Drainage improvement along P. Cruz St., Brgy. San Jose 	Mandaluyong City
<ul style="list-style-type: none"> • Drainage improvement at Liberty Homes, Brgy. Cupang • Riprapping/ desilting along Pasong Diablo River, Brgy. Cupang • Riprapping/ desilting at Magdaong River, Brgy. Sto. Nino • Covered lined canal along PNR site, Putatan 	Muntinlupa City
<ul style="list-style-type: none"> • Dredging of Panday Pira Creek, Brgy. Ligid Tipas vicinity • Dredging of Sto. Rosario Creek, Brgy. Ligid Tipas vicinity • Drainage improvement along Gen. Espino St., Brgy. Central Signal 	Taguig City
<ul style="list-style-type: none"> • Drainage improvement along Deparo Road, District I 	Caloocan City
<ul style="list-style-type: none"> • Improvement of drainage system along Roxas Blvd • Drainage improvement along F.B. Harrison St. • Drainage improvement along Taft Ave. cor. Protacio St. to Sanchez St. 	Pasay City
<ul style="list-style-type: none"> • Dredging of Amorsolo Creek, Bangkal, District I • Riprapping/ desilting of Maricaban Creek, (Pasong Tamo to McKinley St.) • Drainage improvement at C-5, Kalayaan, District II • Riprapping/ dredging of Balisampan Creek, Guadalupe Viejo, District II • Riprapping/ dredging along Makati-Pateros River, Phase VIII 	Makati City

Program/ Projects/ Activities	Location
<ul style="list-style-type: none"> • Drainage improvement/ road upgrading along Rayos Del Sol St., Brgy. Sta. Ana • Drainage improvement and upgrading along Bagong Calzada St. 	Pateros
<ul style="list-style-type: none"> • Deepening of Malabon River, Concepcion • Improvement of drainage system along Dagat-Dagatan and Lapu-Lapu Ave., Longos 	Malabon City
<ul style="list-style-type: none"> • Deepening of Navotas River, Northbay Blvd. • Improvement of drainage system along Borthbay Blvd. (Fravel) 	Navotas City
<ul style="list-style-type: none"> • Drainage improvement along Quirino Ave. near Naga Road going to Golden Haven • Construction of riprap wall along Naga Creek, Brgy. Pulang Lupa Dos • Rehabilitation of riprap wall along Tributaries of Pasong Baca Creek, Brgy. Talon V • Drainage improvement along JP Rizal St. going to Alabang-Zapote Road 	Las Pinas City
<ul style="list-style-type: none"> • Drainage improvement/ cleaning and declogging at Evacom-Canaynay St. going to Sucat Road in front of Lianas Market, District I • Rehabilitation of riprap wall along Dongalo Coastal Canal, Brgy. Tambo, District I • Riprapping/ desilting along Villanueva Creek at UPS V, District I • Riprapping/ desilting along Tributaries of Baloc-Baloc Creek, Brgy. Moonwalk, District II • Riprapping/ desilting along Sapang Buwaya Tributaries, Brgy. San Antonio, District II • Riprapping/ desilting along Sun Valley Creek, Airport Village, Brgy. Moonwalk, District II 	Paranaque City
<ul style="list-style-type: none"> • Improvement/ desilting of Revetment Wall along Estero de Vitas, Tondo, District I • Drainage improvement along Abad Santos, Tondo, District II • Construction of additional Manhole and desilting of Antipolo drainage main, Sta. Cruz, District III • Drainage improvement along Rizal Ave., Sta. Cruz, District III • Desilting of Severino drainage main, Quiapo, District III • Drainage improvement along Ramon Magsaysay Blvd., Sampaloc, District IV • Desilting of Washington-Piy Margal drainage main, Sampaloc, District IV • Desilting of Josefina-Lepanto drainage main, Sampaloc, District IV • Drainage improvement along A Francisco St. (Pasig Line to Tejeron St.), District V • Drainage improvement within Intramuros Area, District V • Drainage improvement along Onyx St. (from Estrada to Francisco St.), District V 	Manila

On-going projects of CY 2014 are as follows:

Program/ Projects/ Activities	Location
• Drainage improvement along Tandang Sora Ave. to Mindanao Ave., Banlat Road, Dist. II	Quezon City
• Drainage improvement/ installation of additional manhole and inlet along Tayuman (from Estero de San Lazaro to Abad Santos), District II	Manila
• Declogging of Line Canal along Taft Ave. (Pedro Gil to Padre Faura), District V	
• Construction and raising of Haig Bridge, Brgy. Daang-bakal, Bagong Silang	Mandaluyong City
• Drainage improvement along C-3 Road (from Dagat-dagatan Ave. to Tanigue Peripheral Canal), District II	Caloocan City
• Drainage improvement along Quirino Ave. going to Aldana St.	Las Pinas City
• Construction of RCBC at Valenzuela Outfall (F. Blumentrit-Valenzuela, F. Manalo St. vicinity)	San Juan City
• Drainage improvement along Katubusan and Domingo St., Brgy. Rivera	

According to the Flood Control and Sewerage Management Office (FCSMO), the rate of subsidence of floodwater in 2014 is 30 minutes to 1 ½ hour in Metro Manila after heavy rains. The office also undertook year-round/ continuous cleaning and maintenance of existing flood control structures and facilities utilizing MMDA-owned equipment and personnel to maintain their efficiency and designed capacity. These activities include, but not limited to the following:

	CY 2014 Target	CY 2014 (linear meters)	CY 2013 (linear meters)
Declogging of Drainage Laterals	494,260	496,050	473,520
Dredging/ Deepening of Open Waterways	78,982	80,900	67,261
Desilting of Drainage Mains	21,890	22,550	12,690

The office has likewise fabricated and installed, as the need arises, 196 units of manhole cover which is 115% of the target 170 units and 155 steel gratings which is 103% of the target 150 units for CY 2014.

	CY 2014 Target	CY 2014
Manhole cover	170	196
Steel gratings	150	155

The Equipment Management Division of FCSMO is responsible for the mobilization, repairs/ maintenance and operations (including declogging, dewatering, clean-up, community service, special and emergency operations, etc.) of various kinds of light and heavy equipment used by FCSMO.

The operation and maintenance of 54 Pumping Stations and the Effective Flood Control Operation System (EFCOS) were likewise routinely undertaken to ensure that these facilities are operating at their optimum capacity especially during heavy rains. This include, but not limited to, maintenance of 8 floodgates of the Rosario Weir, repainting of staff gauges along Marikina River, Pasig River and San Juan River, desilting at the water level gauging stations, repainting of remote gauging stations at Mt. Aries, Mt. Oro, Boso-Boso, Sto. Nino, San Juan and ASTI stations. The table below shows the amount of floodwater that were pumped out and total cubic meters of garbage that were retrieved and disposed.

**Ilugin, Pasig City
(Small Pumping Station)**

**Libertad, Pasay City
(Large Pumping Station)**

	CY 2014	CY 2013
Floodwater Pumped Out (M cu. m.)	282.659	297.616
Garbage Collected (cu. m.)	13,172	11,566

The year 2014 was highlighted by the successful completion and inauguration of three (3) new Pumping Stations located in San Juan City and these are the Balong Bato, Salapan and Rivera Pumping Stations. Likewise, the implementation of the upgrading/ rehabilitation of 12 old pumping stations in Metro Manila were undertaken which include Aviles, Valencia, Pandacan, Balete, Paco, Arroceros, Binondo, Quiapo, Tripa de Gallina, Libertad, Sta. Clara and Makati Pumping Stations.

In support of the Chairman's goal of reviving the Pasig River Ferry System as an alternative to the land transport system, FCSMO was tasked to undertake the rehabilitation of 7 Ferry Stations out of the 11 existing stations. FCSMO spearheaded the procurement of 5 units ferry boats, 1 unit trash boat, repair/ conversion of 2 units tug boats to ferry boats and fabrication of 1 unit bus barge for the Pasig River Ferry System. The office also assisted in livelihood projects for people affected by Typhoon "Ruby" in Sulat, Eastern Samar particularly in the fabrication of 40 units fishing boats as well as procurement of materials and supervision of repair of their public market.

Flood Control Information Center (FCIC) & Metro Manila Disaster Risk Reduction & Management Operation Center (MMDRRMOC)

Flood Control Information Center (FCIC) & Metro Manila Disaster Risk Reduction & Management Operation Center (MMDRRMOC) was established by Chairman Francis N. Tolentino in the year 2012 with the vision of becoming one of the Philippines' centers of excellence on disaster risk reduction and mitigation. The missions and functions of FCIC & MMDRRMOC are the following:

- Serve as operations coordination and control facility for MMDA and MMDRRMC during inclement weather and emergencies.
- Provide decision support system for MMDA and MMDRRMC.
- Establish and provide communications and decision links among MMDA Operating Units, Metro LGUs, MMDRRMC and NDRRMC during critical situations.
- Serve as information and knowledge center for MMDA on hydro-meteorological concerns.
- Provide complementary public safety advisories and warning.

The FCIC/ MMDRRMOC have accomplished the following programs, projects and activities for CY 2014:

Flagship Projects

1. For the Metro Manila Earthquake Census Project, the FCIC/ MMDRRMOC has identified 2,306 houses/ structures that are at risk of damage in the event of strong earthquake generated by the West Valley Fault. The results will identify public and private buildings that need restructuring based on the risk assessment to reduce earthquake structural deficiencies that will prevent loss of lives and properties.
2. For the Street Flood Monitoring System in Metro Manila, the office has surveyed 61 sites together with ASTI DOST for the location site of flood sensors and installed the same (flood sensors) in 2 pilot sites. This system will provide real time flooding situation at major thoroughfares in Metro Manila to enable affected motorists and commuters to plan their journey ahead of time.
3. For the Summer Internship Program, the office has employed 10 interns of MMDA by providing hands-on training and actual operation of the center.
4. For the Communication Enhancement Program, the office has installed additional radio repeater and reprogramming of base radio in 30 stations.

Regular Activities

1. For the Decision Support Software Training FCIC/ MMDRRMOC personnel, all of the officers and staff of the office have undergone trainings and seminars on Incident Mapping and Management, Data Analysis and Relevant Website Access.
2. For the conduct of briefing to local and international visitors, the office has disseminated MMDA Flood Control and Disaster Risk Reduction and Management P/P/As and satisfactorily responded to issues and queries posed by a total of 305 visitors as required/ needed.
3. For the Lakbay Aral Support Program, the office has provided lectures to 3,560 students and visitors regarding the functions and operations of the Agency during inclement weather and other disaster related events that include the use of CCTV camera for traffic and flood control, EFCOS Project, purpose of installing AWS and WLS, functions of Pumping Stations, Traffic Navigator and explanation of weather forecast drawn from different weather forecasting sites. The support to Lakbay Aral also aims to provide ideas and perspectives on hydro-meteorological risks that Metro Manila encounters. Students/ visitors were also made to understand the causes of flooding and how they can help prevent or mitigate the effects of floods even in their own localities. The activity also showcases the innovation of MMDA projects and technical competence of the Authority.
4. For the Climate, Weather Emergency and Seismic Events Monitoring, the office has effectively and efficiently provided timely advisories to key stakeholders and service providers. These advisories to stakeholders and decision makers were sent through the use of SMS and Metro Manila Emergency Communication System and provided the public with appropriate information through broadcast media.

Other Activities

1. Served as Command Center during the onslaught of Typhoons “Luis”, “Mario”, “Ruby” and other heavy rains that caused floodings in Metro Manila in coordination with NDRRMC and MMDRRMC.
2. Provided the following communication links to MMDA officials and personnel through various sources or mediums e.g. SMS, Radio Calls, etc.:
 - 2,610 SMS sent to MMDA top officials and flood control personnel regarding floodings and earthquakes.
 - 1,652 Radio Calls to establish communication links to members of MMDRRMC, FCBZA and MMDA Flood Control personnel.
 - 64,800 Radio Calls (Base Radio Net 5) to gather updates on pump operations for 20 FCSMO Pumping Stations.

3. Provided/ established communication link to LGUs and members of MMDRRMC during National Simultaneous Earthquake Drill using Emergency Radio Communication Network, Satellite Phones and Mobile Phones during the course of the drill to test the level of preparedness at the communication sector if a Magnitude 7.2 earthquake will hit Metro Manila.
4. Provided technical support, weather updates monitoring and seismological observation for crowd control management during the Centennial Celebration of Iglesia ni Cristo.

SOLID WASTE MANAGEMENT OFFICE

Garbage trucks on queue at the Rizal Provincial Sanitary Lanfill

Solid Waste Disposal Activities

As a regular activity, the office documents the volume of wastes received at three (3) disposal facilities namely the Rizal Provincial Sanitary Landfill, Quezon City and Navotas Landfills. For CY 2014, the actual volume of garbage/ waste disposed was 9,939,546.30 cubic meters. With a target of 8,730,891.25 cubic meters for CY 2014, the SWMO accomplished 114% of the set target. The SWMO also regularly maintains the operations of these disposal facilities as well as the closed disposal facilities which include housekeeping tasks (landscape maintenance and tree planting), grass-cutting activities, fencing, equipment inventories and monitoring/ maintenance/ treatment of leachate plant at San Mateo Landfill, Carmona Sanitary Landfill and Boso Sanitary Landfill. Twenty-five (25) site visits were also conducted in different SWM facilities for their monitoring and inspection activities. The table below shows the comparison against the previous year's CY 2013 accomplishment:

	CY 2014	CY 2013
Actual Volume of Garbage/ Waste Disposed (cu. m.)	9,939,546.30	9,773,580.78

Door-to-Door (D2D) Garbage Collection System

SWMO continually assessed the compliance of the 17 Metro Manila LGUs with the Door-to-Door (D2D) Garbage Collection System, in which 90% or 1,533 out of 1,705 barangays are implementing the scheme. The D2D system requires residents to segregate recyclable and non-recyclable trash and take their garbage out only at the appointed time of collection wherein LGU garbage collectors pick-up the same door-to-door.

Collecting trash door-to-door in Quezon City.

Monitoring of Level of Cleanliness

For the Monitoring of Level of Cleanliness, the office has conducted a total of 29 days of inspection and photo documentation of garbage in major roads, investors' corridors and national roads in Metro Manila. A total of 190 garbage piles were observed/ sighted and were reported and acted upon by the concerned LGUs. The table below shows the comparison against the previous year's CY 2013 accomplishment:

	CY 2014	CY 2013
No. of Days of Inspection	29	184
Total Garbage Piles Observed	190	746

Note: The task of garbage monitoring was assigned/ transferred to the LGU Coordinators starting August 7, 2013 and minimal inspections were made during the 2nd to 4th Quarter of 2014 due to the conduct of WACS and the "2014 Barangay Power".

Accreditation of Garbage Collection Trucks

The office likewise inspects garbage trucks prior to issuance of Permit to Dump based on their roadworthiness and compliance with required paraphernalia and truck

criteria. The total number of garbage collection trucks accredited is 1,367 units. With a target

of 1,300 trucks accredited for each semester, the office has accomplished 105% of the same. On the monitoring of establishment of Materials Recovery Facility (MRF), 549 barangay-based and 580 school-based Materials Recovery Facilities (MRFs) were established.

Implementation of the Ecological Solid Waste Management Act (RA 9003)

For the implementation of RA 9003 or the Ecological Solid Waste Management Act, SWMO has convened/ facilitated three (3) Metro Manila Solid Waste Management Board consultative meetings. SWMO also attended 12 National Solid Waste Management Commission meetings, 16 Technical Working Group meetings and 9 Multi-Agency Sub-Group meetings. For the preparation of the 10-year SWM

Plan, 11 LGUs have already submitted the same to NSWMC and granted conditional approval while 5 LGUs are currently undergoing preparation of their plan.

Policies, programs and projects for proper sanitary waste disposal and for the reduction, re-use and recycling of solid waste were implemented. Among these are the conduct of 184 orientation trainings/ seminars/ workshops for 13,295 participants regarding RA 9003 and Solid Waste Management before LGUs, barangays, schools, foreign visitors and other sectors. The office also conducted a total of 27 teach-ins with 811 participants on RA 9003 and SWM for 16 barangays in Metro Manila during “Estero Blitz IV Program”. The office also provided assistance on SWM to 54 researchers/ students. The office likewise disseminated a total of 3,320 copies of IEC materials

Other activities of SWMO for 2014 include the following:

1. Prepared presentation materials including AVP and provided backstop support for the Chairman during the meeting with the President regarding the closure plan of San Mateo Sanitary Landfill.
2. The office also gathered data, prepared and submitted TOR to NEDA regarding the establishment of a new MMDA-owned and operated Sanitary Landfill but was later discontinued (4th Quarter of 2014) and instead SWMO recommended the conduct of a feasibility study for Waste-to-Energy.
3. For the conduct of WACS Project in Metro Manila, SWMO conducted the same for 16 LGUs except Quezon City since their WACS has already been conducted in 2013 and completed 2 trainings of trainers.
4. 60 inspection of HOAs were made by SWMO wherein the schedule of monitoring is set by the DENR.
5. For the “Linis Palengke” Project, SWMO has accomplished the clean-up operation of seven (7) public markets.
6. Prepared the 3 compliance reports/ accomplishments of SWMO for submission to the Supreme Court regarding the clean-up of Manila Bay.
7. Facilitated the collection/ hauling of 4,508.30 cubic meters of garbage accumulated in different Pumping Stations in coordination with the Flood Control Office.
8. 10 presentations were made for the exploration of appropriate Waste to Energy Technology for Metro Manila.
9. 2 LGUs were given seminar to render humanitarian assistance to MMDA’s adopted LGUs which were devastated by Typhoon “Yolanda”.

HEALTH, PUBLIC SAFETY AND ENVIRONMENTAL PROTECTION OFFICE (HPSEPO)

Health and Sanitation Services Coordinating Assistance Division (*HSSCAD*)

Enforcement of MMDA Regulation No. 96-009 or the Anti-Littering Law

For CY 2014, a total of 50,962 Anti-Littering Enforcement violators were apprehended which is 142% of the target 36,000 apprehensions for the year. 9,833 of whom have settled their administrative fines with a total revenue of Php 4,911,900.00. Also 1,551 of these violators have rendered community service in place of their administrative fines. Total number of Notices/ Summons sent were 19,830 and 4,003 cases were filed at MTC and 4,409 to the NBI in violation of Sec. 48 of RA 9003 (Anti-Littering Law) per LGU. Also 154,844 “Bawal Magkalat” IEC flyers were distributed for the Semester. The table below shows the comparison against the previous year’s CY 2013 accomplishment:

**Environmental Enforcers
in operation**

	CY 2014	CY 2013
No. of Apprehensions	50,962	21,567
No. of Settled Violations (Administrative Fines)	9,833	5,007
No. of Violators Who Rendered Community Service	1,551	520
Total Revenue (<i>in Php</i>)	4,911,900	2,502,800

Enforcement of RA 9211 or the Tobacco Regulation Act/ No Smoking in Public Places/ MMDA-Bloomberg Project

For CY 2014, a total of 154,282 Anti-Smoking Violators were apprehended. The office has achieved 268% of the target 57,600 smoking apprehension for the year. 56,143 of the total violators has settled their administrative fines either through Metrobank or direct payment to the MMDA Office with a total revenue of Php 247,840.00. The MMDA Smoking Cessation Program meanwhile served a total of

55,666 clients in Smoking Cessation Clinics located at the MMDA Lobby, SWIPT and Smoking Cessation Bus Clinic.

	CY 2014	CY 2013
No. of Apprehensions	154,282	53,599
No. of Settled Violations (Paid Fines)	56,143	1,033
No. of Settled Violations (Cessation Clinics)	55,666	15,508
Total Revenue (in Php)	₱247,840	₱49,673

Other Bloomberg Project activities include the following:

1. Established 17 LGU mobile inspection teams through coordinated Local Tobacco Control Committees of Metropolitan Manila.
2. 17 LGUs visited to observe and conduct interviews on how LGUs enforce tobacco control, compliance to TAPS ban and prohibition of smoking to minors.
3. 2 LGUs assisted with Barangay Ordinance Template for the passage of a 100% Smoke Free Barangay Ordinance.
4. 2 forms developed and 17 LGUs were regularly updated on the conduct of audit and report of tobacco control enforcement.
5. 9 LGU enforcement teams were trained on effective enforcement and monitoring and 16 LGUs trained on communications and reporting systems for smoke free environments.
6. 5 lecture sessions conducted and 2 announcements made for MMDA employees reminding them about their obligations to CSC Memorandum Circular 17 and JMC of DOH and CSC.
7. 157 rounds made for the enforcement of CSC Memorandum Circular 17 and JMC of DOH and CSC in the workplace and 96 posters displayed regarding No Smoking in every corner of the MMDA Building
8. 5,955 IEC materials were distributed and displayed regarding Smoke Free Environment Policies in Metro Manila.
9. 3,576 IEC materials shared/ provided to LGUs in Metro Manila and 3 provincial offices. 2,921 pieces of IEC materials distributed as requested for LGU billboards and public facilities.
10. 5 AVPs were developed or adopted on harmful effects of tobacco use and benefits of smoking cessation to specific target audience.
11. 3 TV news articles, 12 website updates and 25 Facebook/ memes were generated and publicized for the general population in coordination with MMDA PIO and local media networks through the DOH and local PIO for media advocacy strategies to generate favorable coverage of national and local smoke free policy and environment activities.
12. 1,364 school vicinities inspected including nearby stores (within 100 meters perimeter) regarding the selling of tobacco products.

Lingap sa Barangay Activities

For CY 2014, the office was able to distribute 154,844 IEC materials (“Bawal Magkalat” and “Metro Ko Love Ko” flyers) to various locations in Metro Manila. They were also able to conduct orientation seminars on Metro Health &

Conduct of Orientation Seminar on Metro Health & Sanitation and Anti-Littering and Anti-Smoking Policy

MMDA Belly Gud Health Program.

Sanitation, Anti-Littering Law, Anti-Smoking Policy and “Bawal Magkalat sa Kapaligiran” (Special Operation) in 46

schools with a total of 12,770 participants in Metro Manila. Likewise, a total of 745 Misting operations were also conducted in various locations including MMDA Main Building, MMDA Annex, MMDA Command Center, MMDA Workers’ Inn, San Juan Slaughter House, Pumping Station, MMDA Rescue Battalion in Napindan, etc. Lastly, a total of 500 MMDA employees were informed regarding the

Distribution of IEC materials (“Bawal Magkalat” and “Metro Ko Love Ko” flyers)

Public Safety Division

Included in the mandate of the Public Safety Division (PSD) is the formulation of programs, policies and procedures to achieve public safety, especially disaster preparedness, conduct of rescue operations during times of calamities and disasters such as: conflagrations, earthquakes, floods and tidal waves, and coordination and mobilization of resources and the implementation of contingency plans for rehabilitation and relief operations in coordination with national agencies concerned.

For the Community Hazards Information and Disaster Education Program, the Division has trained/ oriented the following individuals/ participants:

	Number of Participants		
	Target Output 2014	CY 2014	CY 2013

ANTI-SMOKEBELCHING UNIT

Pursuant to RA 8749 or the Clean Air Act, the unit, which is deputized by the Land Transportation Office (LTO), undertook Smoke Belching Operations (Roadside Inspection and Apprehension) for CY 2014 wherein a spotter flags down a suspected smoke belching vehicle. When the vehicle stops, an Apprehending Officer will approach the driver and asks for his Driver's License and the vehicle's LTO registration papers. Upon securing the required

documents, the Apprehending Officer will submit the same to the Records Officer who will record the information/data. The Apprehending Officer will then ask the driver to yield the vehicle to the Depressing Officer for the eventual testing of the vehicle while being witnessed by the driver. If the vehicle fails the test, the driver will be informed that the plate number of the vehicle shall be confiscated and a Temporary Operator's Permit (TOP) will be issued together with the test results.

	CY 2014	CY 2013
Passed	718	1,542
Failed	1,588	2,633
Total Inspected/ Tested	2,306	4,175

Note: No regular Anti-Smoke Belching Operations were done for the months of July and August 2014 due to the Joint Administrative Order No. 2014-01 issued by DOTC-LTO. Regular operations were likewise hampered by service vehicle problems, smoke emission machine malfunction and heavy rains.

The unit has also confiscated a total of 1,583 motor vehicle plates for violation of P.D. 1181 (Providing for the Prevention, Control and Abatement of Air Pollution from Motor Vehicles and for other purposes) and surrendered the same to the Land Transportation Office (LTO). Likewise, 1,568 Temporary Operator's Permit (TOP) was also transmitted to the LTO.

Free Smoke Emission Tests were also done at the SWIPT, BMDS Robinson's Fairview and BMDS Malabon which totaled as follows:

Passed	Failed	Total Inspected/ Tested
2,109	1,293	3,402

Free Smoke Emission Testing were also conducted for Tow Trucks in relation to the renewal of their application for accreditation with MMDA which totaled as follows:

Passed	Failed	Total Inspected/ Tested
144	105	249

METRO PARKWAY CLEARING GROUP

Street Sweeping

Street sweeping is done both manually and mechanically. Total volume of garbage and sand collected by both methods and the total length of roads swept are shown on the comparative table below:

Street Sweeping	2014	2013
Vol. of Garbage Collected	17, 107.99 cu.m	16,462.38 cu.m
Vol. of Sand Collected	1,008.64 cu.m	1,494.58 cu.m
Total Length (kms)	282,426 kms	250,624 kms

Mopping Operations and Hauling Activities

Mopping Operations and hauling of garbage, debris, sand and other structures were undertaken at C-5, Roxas Blvd. Quirino Highway and other areas in Metro Manila.

Mopping Operations/ Hauling	2014	2013
Vol. of Garbage Collected	7,201.33 cu.m	5,207.65 cu. m
Vol. of Sand Collected	936.63 cu.m	435.38 cu.m
Hauled Debris	48 cu.m	472 cu.m
Hauled Garden Soil	281.9 cu.m	734.63 cu.m

Garbage collected	20.60 cu. m.
No. of families relocated	219 families
Grass cutting	4,050 sq. m.

METROPOLITAN SOCIAL SERVICE OFFICE

Street Dwellers Care Program

Street Dwellers Care Program/ Balik Probinsya Program

A regular activity of MSSO is the Street Dwellers Care Program in which the office conducts rescue operations of street dwellers/ nomads in various locations in Metro Manila and turned-over to Jose Fabella Center, LGUs or other DSWD facilities. This resulted to the rescue of 11,250 mendicants, nomads, psychotic and other street dwellers.

2,445 of them were referred and transferred from the Jose Fabella Center to their respective LGU-DSWD and other facilities like National Center for Mental Health. 129 rescued street nomads were transported back to their respective places of origin in Metro Manila or nearby provinces through the “Balik Probinsya” Program of the DSWD. 35 Inter-Agency Joint Rescue Operations were also participated by the office in cooperation with DSWD, PNP, LGUs and other agencies which resulted to the rescue of 2,049 street dwellers. The office is also regularly providing relief assistance to the Jose Fabella Center and other social welfare institutions catering to rescued street nomads.

Balik Probinsya Program

	CY 2014	CY 2013
No. of Rescued Street Dwellers	11,250	10,115

With a target of 9,600 rescued street dwellers for CY 2014, the MSSO accomplished 117% of the set target.

Other activities of MSSO for CY 2014 include the following:

1. The office has conducted various activities as part of the regular repairs and maintenance of the Workers' Inn's furniture and fixtures and repairs and maintenance of Rescue Vehicles.
2. Represented MMDA in Inter-Agency Meeting with Partner Stakeholders in the Reach out of Street Children and Families.
3. Donated 63 units of boats, 53 paddles and 56 life vests to different barangays in Metro Manila.
4. The office, as member of the Technical Working Group (TWG), attended various coordinative meetings as MMDA representative and coordinator in preparation of inter-agency programs such as:
 - Asian Defense Security and Crisis Management Exhibition and Conference.
 - Basic Training on Proper Referrals of the Reach-out of Mentally Stressed Individuals.
 - Climate Outlook Forum
 - Earthquake Seminar Planning
 - Disaster Relief Seminar
 - RA 9470 or National Archives of the Philippines Act of 2007
 - Celebration and Observance of National Heroes Day
 - Rescue and Response to Street Children in NCR
 - Skyway O&M Corporation on Flood, Typhoon and Vehicular Accident Drill
 - Inter-Agency Meeting on Task Force Sagip-Bata
 - Proposed Demolition/ Removal of Zapote Bridge, a declared National Historical Landmark.

Note: MMDA Workers Inn operations was transferred to GM's Office during the 4th quarter of 2014.

SIDEWALK CLEARING OPERATIONS GROUP

The comparative report on the number of illegal vendors cleared for 2014 and 2013 as shown in the graph below indicates an increase of 1,646 (in absolute terms) over the 2013 figures.

Following is the comparative data for the sidewalk clearing operations:

	2014	2013
Total No. of Illegal Vendors Cleared	3, 738	2, 092

During Operation

After Operation

Sidewalk Clearing and Improvement Activities

As the flagship program of SCOG, its goal is to ensure that both vehicular and people traffic are properly maintained in Metro Manila. This is done through the removal of illegal vendors and structures including informal settlers in the streets, sidewalk, flyovers, overpasses and underpasses in Metro Manila. The increase was due to the policy of non-confiscation of the vendors goods. As explained in the earlier reports, the number of vendors fluctuates from time to time. One cannot really make a more or less absolute head count. The SCOG personnel operate in key areas in the metropolis such as Baclaran, Cubao and Roxas Blvd. Others are settled in various place within Metro Manila.

Sidewalk Discipline and Maintenance (Fixed Posting and Roving Operations)

This is done to ensure that streets and sidewalk remain free of illegal obstructions/ structures. It is carried out in places where vendors congregate.

Special Projects/ Intervening Activities

SCOG personnel assisted in various activities held at various occasions throughout the year. Among these are as follows:

1. Feast of the Black Nazarene at the Luneta Grandstand held in the month of January.
2. Acted as crowd control during the KKK rally from Jollibe to Guadalupe to MMDA in the 3rd quarter.
3. Removed 12 big trees that fell down in Marikina City, Quezon Ave, and C-5 Road in Taguig City during typhoon Glenda during the 3rd quarter.
4. Acted as Marshalls of the Phil Arena during the 100th Centennial Celebration of the Iglesia ni Cristo in July 2014.
5. Deployed at the various terminals during the All Saints Day celebration in November.
6. Acted as crowd control personnel during the 5th STATE OF THE NATION ADDRESS OF PRESIDENT B. S. AQUINO AT THE BATASAN IT WAS HELD IN THE THIRD QUARTER OF THE YEAR.
7. Assisted in traffic management duties during the World Economic Forum held during the 2nd quarter of the year.
8. Joined the 17kilometer Rescue March Challenge 2014 designed to test the endurance of the emergency response groups based in MM.
9. Assisted at the APEC Philippines 2015 National Launch held at Makati City during the 4th quarter.
10. SCOG and Baklas Billboard personnel were deployed in different areas during Typhoon Ruby during the 4th quarter.
11. Acted as security to the participants of ECO SHELL MARATHON held at the Luneta during 1st quarter.
12. Assisted during the Oplan Balik Eskwela in various schools in Q.C.
13. Placed streamers on (3) buses in connection with the MMDA's Airport Christmas Shuttle Libreng Sakay during 2014 Christmas Season
14. Participated in "Umagang Kayganda of ABS-CBN at MMDA Orense during the 4th quarter of 2014.
15. Joined the Independence Day celebration at Malolos, Bulacan and at the Luneta Park.
16. Participated in the LASTMAYL project and placed stickers on 376 cargo trucks at Gate 6 & Parok Gate in Tondo, Manila during the 3rd quarter of 2014.
17. Acted as Marshalls during the Metro Manila Film Festival.
18. Participated in the FUN RUN in connection with the 48th Fire Prevention Month at BKP Agham Road, Q.C.
19. Participated in the Flag Raising Ceremony at Luneta in Connection with the 118 DEATH ANNIVERSARY CELEBRATION OF DR. JOSE RIZAL held during the last quarter of the year.
20. Assisted stranded commuters during the Operation Libreng Sakay during the Typhoon Mario w/c occurred in the 3rd quarter of the year.
21. Conducted operations LINIS at PUP School and Ferry Station Sta Mesa re canal declogging, grass cutting, transfer of classroom chairs and leveling of soils during the 3rd quarter.

OFFICE OF THE CHAIRMAN

For the year 2014, the Office of the Chairman accomplished the following programs, projects and activities:

1. Issuance of 974 UVVRP Exemption Certificates to certain motorists.
2. For the Metro Manila Film Festival (MMFF), the Office provided administrative and secretariat support in Executive Committee, Board of Jurors, Subcommittee and Special Committee meetings on film festival preparations

The Office likewise prepared the needed materials with producers, cinema owners and sponsors

3. The Office also coordinated with different schools for the New Wave Cinephone, Short Films Animation and Full Feature Competition.
4. The International Relations Office under the Office of the Chairman, facilitated and coordinated all logistics requirements of various events/ visits of high-ranking officials/ delegates from the governments of foreign countries such as the Republic of Indonesia, the Royal Kingdom of Bhutan, Delegates from World Health Organization (WHO)-Nepal and Bhutan, Delegates for the Ministry of Disaster Management of the Peoples Republic of Bangladesh, Oxfam and Narri, Officials from Lao Democratic Republic in South East Asia. The International Relations Office has also established a database of international connections, partners and contacts which maybe useful in the implementation of MMDA major programs/ projects.

OFFICE OF THE DEPUTY CHAIRMAN

For the year 2014, the Office of the Deputy Chairman accomplished the following programs/projects:

For Development Planning and Urban Renewal, various base maps e.g. Updated Land Use Map, Soil Map, River System Map, Transport Network Map, Topographic Map, Climate Map, Geologic Map, Bathymetry Map, Location of Pumping Station and Aerial Photo Mosaic of Malabon were produced/ made. Likewise, Thematic Maps e.g. Liquefaction Map, Flood Modeling Map and Mutil-Hazard Map were completed. Production of Decision Maps e.g. Proposed Commercial and Industrial Areas Map, Residential and Institutional Areas Map, Parks and Protected Areas Map, River Improvements Map and Primary Growth Center Map were also made for the purpose of formulating a Framework for the Redevelopment of Bgy. Potrero as Growth Center of Malabon City.

For Traffic and Transport Management, the following papers were done:

- Paper on Traffic Management Programs for 2014-2016
- Paper on Proposed Traffic Management Approach for EDSA
- Paper on EDSA Congestion Management Study (Private Vehicle Limitation in EDSA thru Disincentives)
- Paper on Walking Viability along Selected Area in EDSA

For Flood Control and Sewerage Management, the following paper/ study were made:

- Paper in Managing Floods in the MMDA
- Study on the Proposed Location of Additional Pumping Stations for Malabon

Gathering of data and generation of the various maps were undertaken by and the papers/ study were completed with the assistance of the Graduate students of U.P. – School of Urban and Regional Planning.

OFFICE OF THE GENERAL MANAGER

The Office of the General Manager (OGM) continued with the implementation of its programs and projects, namely:

Metro Ko, Love Ko

Initially a campaign for greening, cleanliness and anti-littering, has evolved into a comprehensive and sustainable urban renewal and development program.

For this year, the Metro Manila Mayors' Spouses Foundation, Inc. (MMMSFI) as the campaign's linkage and resource support network among the 17 LGUs, has sponsored the showing of "Beauty and the Beast," a fund raising project for the benefit of

women and children with cancer who are patients of the Philippine General Hospital. An MMDA Resolution supporting the project was approved by the Metro Manila Council.

A study tour on urban redevelopment and conservation was likewise conducted in Singapore for MMMSFI members.

Barangay Power 2014

A contest for the Best Barangay in cleanliness and solid waste management and a landmark project of Metro Ko, Love Ko campaign, was launched in Nov. 6, 2014. Final round evaluation of 48 barangay finalists was conducted by SWMO personnel. One (1) reorientation on RA 9003 (Solid Waste Management Act) for 48 barangay captains and one (1) Lakbay-Aral on Best practices in solid waste were conducted. Pledges of support from Manila Water, NSWMC-DENR, Landbank, Plantex and SM Foundation were received for the livelihood showcase grand prizes.

MMDA Children's Road Safety Park

A facility which promotes road safety among children and the youth, operates six days a week. For this year, a total of 69,530 school children, teachers/ parents visited and toured in the park and given orientation on road

safety. Events e.g. Safe Kids Phil. (SRP) and FedEx Express Traffic Patrol Buddy participated in by 20 Grade V Boy Scouts and 10 FedEx Volunteers and MMDA Kids Day Tour participated in by 100 kids were held in the Children's Road Safety Park for this year.

Metropolitan Manila Emergency Volunteer Corps (MMEVC)

Coordinates and implements the Authority's Volunteer Program in compliance with RA 9418 or the Volunteer Act of 2007 and CSC Memorandum Circular enjoining all heads of agencies to establish and implement volunteer programs on top of the agencies' regular mandate and functions. For this year a total of 37 capacity building activities on disaster awareness and preparedness for volunteer groups, schools, private utilities and LGUs were conducted. Likewise, a 3-day

workshop on Bridging Communication Gaps in Disaster Management was conducted with 100 participants from LGUs, utility companies and volunteer groups. The MMEVC also mobilized volunteers to augment manpower of MMDA special operations in 12 events e.g. Feast of Black Nazarene, Manila Bay Clean-up, Bayani Challenge deployment at Ormoc and Tanauan, Leyte, Typhoons Glenda and Mario and Ruby operations, among others. It also participated in 9 disaster-related advocacy activities and trainings for the rights of PWDs, women and children. Other support activities include tree planting at the former San Mateo Sanitary Landfill with a total of 116,429 trees planted for this year in addition to the 88,844 trees planted in 2013.

Towards the fourth quarter of the year, 2 more projects were placed under the GM's Office, namely:

SWIPTS – preventive maintenance of SWIPTS facilities and amenities were undertaken by the GM's Office.

MMDA Worker's Inn – since the turnover of management of the Workers' Inn to GM's Office, physical improvements and repair of the facility were undertaken. Currently, it has a total of 716 double deck beds which can accommodate a maximum number of 1,432 guests. For this year, the Workers' Inn generated a total income of ₱14,470,942.69 and accommodated a total of 215,148 guests. The decrease in revenue can be attributed to the ongoing renovation and beautification of the Workers' Inn and the accommodation of Task Force Pantalan and Task Force Phantom in preparation for the Papal Visit.

	2014	2013
No. of Guests	215,148	222,529
Gross Income	₱14,470,942.69	₱15,000,682.84

OFFICE OF THE ASSISTANT GENERAL MANAGER FOR OPERATIONS

The Office is responsible in coordinating and operationalizing the delivery of metro-wide services and the effective implementation of the following approved policies, plans and programs of the Authority:

- Launching of e-Tagging Project to minimize colorum operations
- New Bike Lane Project along EDSA
- Assisted the LTFRB in the opening of the New South Interim Provincial Terminal in Muntinlupa City
- Implementation of New Signalization along C5 Road and Katipunan Avenue
- Deployment of TDO, SCOG, MPCG and Rescue personnel to man traffic, provide security and rescue operations and clear the garbage during the Feast of the Black Nazarene, Oplan Metro Alalay Semana Santa, Oplan Balik Eskwela 2014 and Oplan Kaluluwa.
- Launching of Linis Palengke Project
- Conduct of Earthquake Risk Census Surveys
- Deployment of TDO, SCOG, MPCG, TEC and T/F Kalasag during the President's SONA, Asian Defense Security and Crisis Management Exhibition and the Iglesia ni Kristo Centennial Celebration.
- Re-launching of the Estero Blitz for the declogging and desilting of esteros and canals in Metro Manila
- Last Mile Truck Route
- Opening of San Joaquin Ferry Station
- Deployment of Traffic, Rescue, Flood Control and Metro Parkway clearing personnel during Typhoon Glenda and sending of REG group and Public Safety personnel to Ilocos to help victims of Typhoon Mario

COUNCIL SECRETARIAT

The MMDA Council Secretariat (CS) provides legislative and secretariat support to the Metro Manila Council of Mayors and organizes the Councils regular and special meetings.

For the year 2014, Council Secretariat accomplished the following activities as compared to 2013:

ACTIVITY/PROJECT/PROGRAM	2014	2013
1. Council and MMC Committees- MMDA meetings Assisted	7 Council meetings 4 Special Traffic Committee Meetings (STC) 1 Appropriations Committee Meeting 2 Metro Traffic Watch Consultation Meetings	4 Council Meetings
2. Resolutions prepared	37	19
3. Published approved MMDA Resolutions, Special Traffic Committee Resolutions and Memorandum Circulars	17 MMDA resolutions 9 STC resolutions 1 Memo Circular 3 TTM circular	3 MMDA resolutions 4 STC resolutions 3 Memo Circular 1 TTM circular 1 Cavite Congressmen resolution
4. Registered with the Office of the National Administrative Register (ONAR), U.P. Law Center	24 MMDA resolutions 9 STC resolutions 3 memo circulars	25 MMDA resolutions 4 STC resolutions 3 TTM circulars 4 memo circulars
5. Provided information assistance to researchers/ callers re MMDA regulations and resolutions.	625	1,000

Appropriations Committee chaired by Mayor Herbert M. Bautista

Metro Manila Council Meeting Held in San Juan City hall

Some of the Resolutions prepared for CY 2014 are the following:

**MMDA Resolution No. 14-01
Series of 2014**

MANDATING THE LOCAL GOVERNMENTS OF METROPOLITAN MANILA TO ENACT/ REVISE CITY/ MUNICIPAL ORDINANCES ON PROPER SOLID WASTE MANAGEMENT IN ACCORDANCE WITH RA 9003

**MMDA Resolution No. 14-02
Series of 2014**

URGING THE LOCAL GOVERNMENT UNITS OF METROPOLITAN MANILA TO DEPUTIZE ENVIRONMENTAL ENFORCERS IN THEIR RESPECTIVE AREAS OF JURISDICTION

<ul style="list-style-type: none"> Disposal of valueless records Bundled and ready for disposal 		75 boxes	39,942

OFFICE OF THE ASSISTANT GENERAL MANAGER FOR PLANNING (OAGMP)

For CY 2014, the Planning Office accomplished the following activities/programs/projects:

Development Planning

With the completion of Phase I of the Metro Manila Greenprint 2030 which was the crafting of the Vision last 2013, the Planning Office for 2014 began the coordination with the World Bank on the implementation of Phase II wherein the strategic plans of the Greenprint 2030 will be formulated.

Other Greenprint activities conducted in 2014 are the Charrette System Tools and Techniques on Spatial Strategy Webinar and the coordination of the International Development Fund (IDF) for the Capacity Building of MMDA to Formulate and Implement the Metro Manila Green Print 2030 Project.

Regional Development Council – National Capital Region (RDC-NCR)

The Planning Office as the RDC-NCR Secretariat conducted the Regional Development Council -NCR FY 2015 Budget Consultation. The budget proposals of 29 Regional Line Agencies (RLAs) and seven (7) State Universities and Colleges (SUCs) in Metro Manila were presented and reviewed and the RDC-NCR feedback therefor were submitted to their respective Agency Central Offices and the Department of Budget and Management.

Metro Manila Council (MMC)/RDC-NCR Meeting held last 22 January 2014 at the Sampiro Conference Room, Makati City Hall, Makati City

Urban Renewal, Zoning and Land Use Planning and Shelter Services

Zoning and Land Use Planning

With regards to the provision of technical assistance in the preparation of the Updated Comprehensive Land Use Plans and Zoning Ordinances (CLUPs/ZOs) of LGUs in Metro Manila, the Planning Office conducted for 2014 three (3) Joint Technical Review Sessions with the Housing and Land Use Regulatory Board (HLURB) on the CLUP/ZOs of Quezon City and Pasay City. Both CLUP/ZOs have not yet passed the technical review process and are still being revised by their respective LGU in compliance with the recommendations of the review panel.

Shelter Services

The Planning Office provided technical assistance in various meetings with the Local Inter-Agency Committees (LIACs) of the 17 LGUs of Metro Manila and the municipality of Taytay Rizal, DILG, DSWD, NHA and HUDCC on the relocation of Informal Settlers Families (ISFs) in Metro Manila.

In addition, the Planning Office thru the MMDA Biometrics Team conducted biometrics registration of ISFs living along the 8 priority waterways, ISFs living in waterways as requested by LGUs, ISFs living within the Senate Compound along Manila Bay and ISFs affected by the NAIA Expressway Phase II Project.

For 2014, the MMDA Biometrics Team has registered 6,699 ISFs.

LOCATION/ WATERWAY	ISFs REGISTERED THROUGH BIOMETRICS SYSTEM (2014)
1. EIGHT (8) PRIORITY WATERWAYS	3,788
2. 2014 PRIORITY WATERWAYS	2,225
3. OTHER WATERWAYS IN DIFFERENT LGUs	686
TOTAL	6,699

The GMMA Ready Project

The MMDA, through the Planning Office is the lead Agency in implementing the GMMA Ready Project for Metro Manila which pertains to the Disaster Risk Management/ Climate Risk Management (DRM/ CRM) Mainstreaming demonstrated in the Local Land Use/ Development Plans of Metro Manila and Neighboring provinces.

For 2014, the GMMA Ready Project conducted 40 meetings/ lectures/ workshops/ seminars:

Presentation, Validation, and Review of the RFPF Assessment Report held last 23 July 2014 at Asian Institute of Management Makati City

Workshop on Formulation of Spatial Strategies of Caloocan City April 28-29 @ Tagaytay City

Provision of Backstop Assistance to the Chairman

The Planning Office on various events and activities of the Chairman has provided technical assistance and backstop support through submitted position papers, researches, speeches, Powerpoint presentations and audio visual presentations (AVPs).

WORLD CITIES SUMMIT (WCS) 2014 - Liveable and Sustainable Cities: Common Challenges, Shared Solutions at Singapore

Shell Powering Progress Together Forum on Energy, Water and Food – February 6, 2014

Special Assignments/Project:

Metro Manila Traffic Summit 2

The Planning Office spearheaded the preparation for the conduct of the 2nd Metro Manila Traffic Summit last February 13-14, 2014 in anticipation of the severe traffic congestion resulting from the simultaneous implementation of fifteen (15) major infrastructure projects in Metro Manila.

Pasig River Ferry Service System

As a result of the Metro Manila Traffic Summit 2, the MMDA in coordination with DOTC and PRRC pushed for the revival of an interim ferry service along the Pasig River that will cater and provide an alternative mode of transport to commuters.

The Planning Office spearheaded the opening of the initial five (5) ferry stations and set ferry passenger fares as well as coordinated with private ferry providers for possible partnership in ferry service. The Pasig River Ferry Service was launched last 28 April 2014 .

As of December 2014, the Pasig River Ferry Service operates seven (7) stations and an average of six (6) ferry boats daily. For 2014, a total of 67,214 passengers benefited from the ferry service.
